Explanation of Charges

Verizon Wireless' Surcharges

Verizon Wireless' Surcharges include (i) a Regulatory Charge (which helps defray various government charges we pay including government number administration and license fees); (ii) a Federal Universal Service Charge (and, if applicable, a State Universal Service Charge) to recover charges imposed on us by the government to support universal service; and (iii) an Administrative Charge, which helps defray certain expenses we incur, including: charges we, or our agents, pay local telephone companies for delivering calls from our customers to their customers; fees and assessments on our network facilities and services; property taxes; and the costs we incur responding to regulatory obligations. Please note that these are Verizon Wireless charges, not taxes. These charges, and what's included, are subject to change from time to time.

Taxes, Governmental Surcharges and Fees

Includes sales, excise and other taxes and governmental surcharges and fees that we are required by law to bill customers. These taxes, surcharges and fees may change from time to time without notice.

Understanding Your Prorated (partial month) Charges

Prorated charges occur when you add new service, or make a change to your existing service, in the middle of your bill cycle. Prorated charges are calculated by determining the daily charge, and then by multiplying the daily charge by the number of days the service was used.

If a plan change is effective as of a date during the bill cycle, your proration will include a credit for unused days on the old plan, and a charge for the days used on your new plan.
